Are they bad? Did you think they weren't too bad?

By the way Ako, how are your grades?

T-Tests...

But calling Russian senpai is a little dreamy. What do you think, senpai?

Huh?

They're extremely bad, huh...

They are bad enough that there's a possibility that I'll have to call Russian senpai...

If you like, the Magnificent Moi can tell you how bad they are.

Got it, please leave it to me!

...it does sound a little attractive.

Hey, I won't allow my club members to repeat a year!

ずおおお

They smirk while I'm calculating my average mark alone. Such a futile thing. Are those guys trying to say that they're going to beat me?

Still, when tests are given back, my classmates are usually showing their marks to each other while giggling,

We're comrades from the same year, all you have to do is create a study group when I'm free.

That's cruel.

What the...

Forgive me, it's my loss.

I sat the last exam alone in the school infirmary.

Ugh... playing with Russian is my only enjoyment.

You have an impossible wish.

Aww... Won't there be a temporary maintenance tomorrow for school?

Don't you just want to get rid of my friends by wrapping me with a garlic smell!?

I'll put in plenty of garlic in order to increase your stamina.

I want you to redirect that effort into doing your best with your studies, and friend making.

Ah, I'll go make a lunch box. Do you have any requests?

ふううん

Are you guys abandoning me! I thought we were friends!

I should also go farm solo.

Do as you like. The Magnificent Mori will sleep.

I THINK THAT WAS PROBABLY JUST TO HELP ME.

EVEN IF THAT'S THE CASE, IT'S FUN, SO I DON'T MIND...

No... I feel like they weren't really thinking about it that much.

VERY TROUBLING INDEED.

SUDDENLY STARTED SOMETHING LIKE A NET GAMING CLUB, SO THAT WAS EXTREMELY TROUBLING FOR THEM.

NOT SURPRISING, SINCE THIS CLUB IS THE UPPERMOST PENDING PROBLEM OF THIS SCHOOL.
